Personal Profile

I am an MSc Diploma graduate in Information & Technology presently seeking a job opportunity within the field of web development. I am a reliable and enthusiastic individual with a wide variety of experience in Information Technology. I am currently doing the Developers Programme at Just IT. I enjoy developing web pages and I am familiar with HTML and CSS while having some knowledge with JavaScript and MySQL. I would like to eventually work as a Front End Web Developer.

IT Skills

- Web Development – HTML, CSS, JavaScript, Bootstrap
- Software Development – ASP.NET, MySQL
